Power. Safety. Smarter Performance.

The SOLE F65 Treadmill delivers commercial-grade features at a price point designed for value-driven users who refuse to compromise on performance. With a 3.0 HP motor, top speeds of 12 mph (18 kph), and 15 levels of incline, this machine offers serious training capability for runners and walkers alike. Choose from 2 custom and 8 pre-set programs focused on fat burning, cardio development, and endurance building to meet any fitness goal.

Engineered for longevity and user comfort, the F65 features a low-maintenance, cushioned deck that minimizes joint stress and a folding frame with secure locking system to save space post-workout. The low-profile motor hood stays out of your stride zone, while start speeds as low as 0.5 mph (1 kph) and a large emergency stop key provide enhanced safety.

Stay connected and in control with Bluetooth FTMS, allowing you to sync the treadmill with leading fitness apps. Monitor your heart rate using the built-in hand pulse sensors or pair with compatible devices via Bluetooth and 5kHz connectivity. Enjoy your entertainment with Bluetooth 3.0 speakers, a built-in tablet holder, and USB charging port to power your device throughout your workout.

The SOLE F65 brings together power, safety, and smart connectivity, ideal for users ready to elevate their training from home.

F65 22" x 60" TREADMILL

- 3.0 HP motor for smooth consistent power
- 12 mph (18 kph) top speed + 15 incline levels
