

EB900 AIR/MAGNETIC INDOOR CYCLE

Build Strength. Maximize Endurance.

Power, Precision, and Performance

The SOLE EB900 Air/Magnetic Indoor Cycle brings gym-quality performance and advanced adjustability designed for serious training without ever leaving the house. Featuring 32 levels of resistance, air-only from levels 1–10 and air/magnetic from 11–32, users can precisely control intensity for everything from sprint intervals to longer endurance rides with its integrated manual resistance lever. Air/magnetic cycles such as the EB900 have become a core training tool in high intensity, cross-training environments. Seamlessly blending efficiency and scalability makes this air/mag bike adaptable for any user level, while the self-generating power system delivers reliable, consistent display performance with no external power required. Built for comfort, precision, and a custom fit, the EB900 features multi-grip bullhorn/-drop bar handlebars with 18 vertical positions and micro fore/aft adjustments, allowing users to dial in their ideal riding posture. The cushioned racing-style saddle also offers 17 vertical height settings, ensuring a tailored fit for users of all sizes. The stainless steel cap at the top of the main frame provides added protection against sweat corrosion, preserving durability during periods of heavy use. Paired with balanced, anti-slip ergonomic pedals and a durable 3-piece crank, the ride experience is smooth, powerful, and ergonomically aligned. With added Bluetooth connectivity, users can pair heart rate monitors and sync with third-party fitness apps for added training feedback making the EB900 a complete, pro-level training solution.

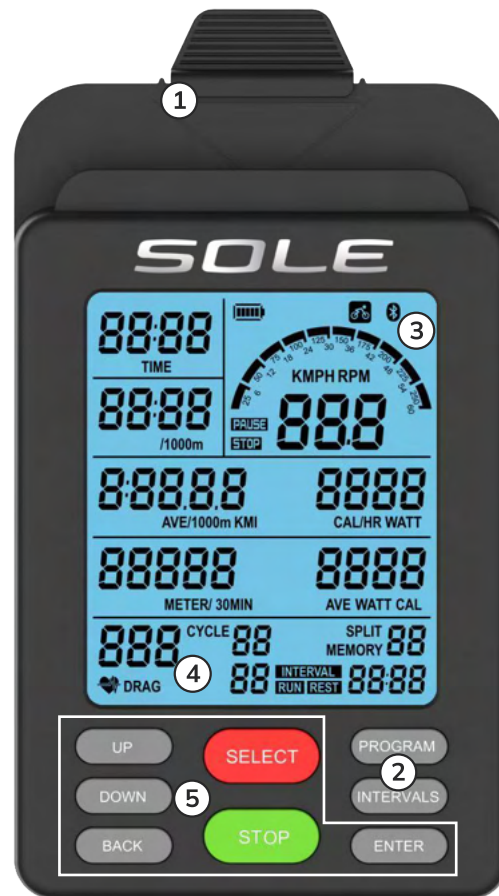

EB900 AIR/MAGNETIC INDOOR CYCLE

- Battery powered system allows cordless operation—no external power required
- 5" backlit LCD console displays RPM, watts, pulse, drag, speed, intervals, and more
- Multi-grip bullhorn/drop bar handlebars - 18 vertical and micro fore/aft adjustments
- 8 pre-set programs plus Bluetooth connectivity for heart rate and 3rd party apps
- Balanced anti-slip ergonomic pedals with 3-piece crank deliver smooth, powerful motion
- 32 levels of resistance: 1-10 levels air resistance; 11-32 levels air/magnetic
- Cushioned racing-style saddle with 17 height adjustments
- Transport wheels and lift bar with dual front/rear levellers
- Integrated phone/tablet holder
